

Spoken English

We meet **Wednesdays** 13.15-15.00 and – (almost) every other week – 15.15-17.00. See TimeEdit for room information. Seminars will typically consist of a mixture of lectures and discussions/student participation, and some of the seminars may take place online through Zoom or in the form of pre-recorded video lectures. If a seminar will take place digitally or partly digitally, you will be notified through Canvas as far in advance as possible.

With the exception of the first week, you are expected to have studied the texts in the plan before each class. You may also be given smaller tasks to complete between seminars. If you are unable to attend class, please let the lecturer know, and please check **Canvas** regularly for important updates, resources and messages. Your lecturers this semester are **Hege Larsson Aas** (course co-ordinator), **Gjertrud Flermoen Stenbrenden** & **Ida Syvertsen**.
